PROFESSIONAL SUMMARY

Aspiring Software Engineer with hands-on experience in building AI-based applications, including gesture recognition systems and NLP-powered chatbots. Proficient in Python, Java, and data analytics tools, with a strong interest in developing scalable and impactful solutions.

EDUCATION

RL Jalappa Institute of Technology, VTU

B.E. in Computer Science and Engineering (Data Science), CGPA: 8.5

Aragami PU College

2nd PUC, Marks: 77%

Bangalore, India

Expected 2027

Bangalore, India

Completed 2023

TECHNICAL SKILLS

Programming Languages: Python, Java, C, C++

Data & Analytics: SQL, Power BI, Tableau, Microsoft Excel

Tools & Technologies: Git, GitHub, VS Code, Eclipse, MediaPipe, OpenCV, TensorFlow

PROJECTS

Hand Gesture Recognition System | *MediaPipe, OpenCV, TensorFlow*

- Developed a touchless control system using MediaPipe, OpenCV, and TensorFlow.
- Enabled real-time control of mouse, volume, YouTube, and PowerPoint presentations using hand gestures.

Indian Sign Language Recognition Platform | *MediaPipe, TensorFlow*

- Built a real-time system to convert hand gestures into text and speech using MediaPipe and TensorFlow.
- Designed additional features including a learning module, sign dictionary, and accessibility dashboard.

AI Companion Chatbot | *NLP, Voice Interaction*

- Developed an NLP-based chatbot capable of generating human-like and emotion-aware responses.
- Integrated voice interaction to enhance personalization and user engagement.

CERTIFICATIONS

Generative AI Masterminds | *Outskill*

- Explored core Generative AI concepts, prompt engineering techniques, and the practical deployment of LLM-driven solutions.

Mastering the Fundamentals (Java) | *Scaler*

- Mastered Object-Oriented Programming (OOP) principles, core Java libraries, and foundational data structures.

Cloud Computing Certification | *NPTEL*

- Gained theoretical and practical insights into cloud architectures, virtualization techniques, and distributed computing models.

ACHIEVEMENTS & LEADERSHIP

Google Student Ambassador | *Campus Tech Leadership*

- Selected to represent Google technologies on campus, promoting technical literacy and fostering a collaborative developer community.

Runner-up, Synergy 2024 | *Technical Presentation*

- Secured 2nd place for presenting a well-researched technical paper detailing the "Emergence of AI" and its industry implications.

Fake News Detection Research | *Academic Poster*

- Presented an academic poster outlining the use of Machine Learning and NLP techniques to effectively identify and classify misinformation.

Hackathon Competitor | *Various Events*

- Actively competed in multiple regional hackathons and ideathons, demonstrating rapid prototyping, teamwork, and strong problem-solving skills under time constraints.

EXTRACURRICULAR

- Secured three top-tier prizes in collegiate dance competitions.
- Actively participated in organizing and managing campus events.
- Engaged consistently in sports and team-based activities.
